Filling your 14 AE roles

Hi Maya,

Congrats on the new VP Sales role. With the Series C closed and 14 AE roles already open, you've got a big team to build fast. We help revenue leaders source and close senior AEs in weeks, not months. Quick call?

Best,

Free your reps to sell.
Agents handle the research and busywork.
Reps focus their time where deals get won.

Ask something...

Agents dig. You close.
Every lead is enriched and qualified, so reps know when and why to engage.

Speed to lead, every time. New leads get enriched, scored, and routed to the right rep before they ever cool off.

Run every motion, your way. Pipeline built for how you sell, while agents brief the meetings and keep deals moving.
